We want to line Ala Moana Blvd. with People from Kewalos to the HCDA building. We need as much People to attend to have an impact. Please get commitments from all of your friends and family.

Purpose: To urge Governor Lingle to pass into law House Bill 2555 with the show of force of People Power. Also to show opposition to HCDA's recent motion to recommend to the Governor to veto our bill after all what the People have accomplished.

HB 2555 reads:

- No sale of Public Land in Kaka'ako Makai
- No Residential use at Kaka'ako Makai.

If this bill becomes law, it will preserve this last oceanfront land from Kewalo Basin Park to Pier 2 from becoming another Waikiki and keep it for public use.
